

Timeless Plus Vinyl Windows

Timeless Plus vinyl windows provide money-saving thermal efficiency, protection against intrusion, long-lasting durability and classic beauty. These windows are built tough with multi-chambered frames and real metal reinforcement—so they'll last longer than your home itself.

FEATURES & BENEFITS

1. Heavy-duty frames are physically fused together at the corners at temperatures of 500° F. This super-strong frame is practically unbreakable and will protect your home from water and air—unlike other windows that are held together with special "chemical" welds, screws and caulking that break down over time.
2. Stainless steel "Constant Force" balance system gives you fingertip operation at all points of opening and closing double-hung models.
3. Glass is bonded to the frame to create a super-tight seal that actually becomes tighter when the forces of nature push against the glass from the outside.
4. Special premium-grade weather-stripping systems block air and water from getting past your windows and into your home.
5. Beautifully styled, heavy-duty cam action sweep locks keep your home safe and secure. Paired with rugged metal lock keepers that are fastened perpendicularly to the sash frame, they are a big part of the reason Timeless Plus windows are able to easily pass rigorous ASTM forced-entry tests.
6. User-friendly latches on double-hung models allow you to tilt the sashes in so you can clean your windows quickly and easily from inside.
7. Unique closed-cell foam wrap around the frame perimeter is a highly effective insulator that significantly reduces drafts from penetrating between windows and walls.
8. Intercept® warm-edge spacer system—the world's best, most proven spacer system—reduces heat loss through the glass and ensures glass seal longevity.
9. Insulfil™ foam strategically inserted in the frame improves thermal efficiency, which helps to lower home energy costs.
10. Low-profile, push-button ventilation latches allow you to open these windows partially for ventilation.
11. Aluminum-reinforced interlocks add structural integrity where the sashes meet—and make your home more secure because the lock and keeper are fastened through both vinyl and metal.
12. The smooth, non-porous finish of the vinyl prevents contaminants from discoloring the vinyl. It's a major reason Timeless Plus windows will maintain their beauty and durability for so long.
13. Heavy-duty sloped sill helps keep your windows looking their best. Moisture drains away completely and the sill wipes clean with ease.
14. Heavy-duty extruded screen frames and fiberglass screen cloth last for decades and also keep out insects.

AVAILABLE MODELS

- Double-Hung (Sloped Sill)
- Picture
- Two-Lite Slider
- Three-Lite Slider (1/4, 1/2, 1/4)
- Three-Lite Slider (1/3, 1/3, 1/3)

LOW-E GLASS

Choose from a wide selection of high-performance Low-E glass systems for just the right level of comfort, energy-saving efficiency and security you want.

INTERIOR WOODGRAIN FINISHES

Enjoy the beauty of wood windows without the maintenance. Select your Timeless Plus windows with a strikingly beautiful vinyl woodgrain interior finish—(1) Golden Oak, (2) Walnut and (3) Cherry. These finishes will never deteriorate or require painting or staining.

Note: Due to factors such as variations in monitor color settings, the vinyl colors shown may not accurately depict true manufactured colors.

DECORATIVE GLASS

Give your windows—and your home—their own special character by choosing from a variety of exquisite stained and leaded glass designs, or V-grooved and etched glass patterns.

SOLARSHINE™ GLASS

Ensure that the glass in your windows stays cleaner longer by selecting SolarShine™ glass. Its unique built-in coating uses the sun's rays to loosen and break down dirt, while water sheets off the glass instead of beading—for a clear, sparkling "just washed" look.

EXTERIOR COLOR FINISHES

Coordinate or contrast your Timeless Plus windows to the color of your home by choosing from numerous beautiful exterior color finishes, including such as (1) Forest, (2) Brick, (3) Clay, (4) Terra, (5) Greystone and (6) Tudor Brown—or any custom color you desire.

Note: Due to factors such as variations in monitor color settings, the vinyl colors shown may not accurately depict true manufactured colors.

INTERBLINDS™

Enjoy beautiful, always-clean mini-blinds—and enjoy instant privacy—with "between-the-glass" InterBlinds™.

OBSCURE GLASS

Choose from a wide selection of distinctive obscure glass patterns for those places in your home where you need privacy.

CONTOURED GRIDS

Enjoy the look of traditional colonial-style windows by selecting beautiful contoured grids that are inside the panes of glass so you don't have to bother with cleaning and dusting around them.

BETTERVUE™ SCREENS

These unique screens will give you a sharper view of the outdoors—and the added air-flow you'll get for ventilation is almost like having no screens at all!

ENERGY STAR® ACCOLADES

Timeless products are made by Gorell—2004 to 2008 ENERGY STAR® Partner of the Year. Exclusive 2006, 2007 & 2008 Sustained Excellence Award winner.

EXCLUSIVE NCPC PARTNERSHIP

Timeless intruder-resistant windows and doors are made by Gorell, exclusive window partner with the National Crime Prevention Council.
