Eligibility Requirements for Installation Incentives (Customer & Contractor)

- 1. Units <u>must</u> be installed between January 1 and December 31, 2011
- Units <u>must</u> be installed by a Cool Homes Participating Contractor, who will submit the rebate application and required documentation to: LIPA Cool Homes Program at 25 Hub Drive, Melville, NY 11747
- 3. There must be a **LIPA residential electric account** at the installation site and it must be in the applicant's name
- 4. Qualifying units must be listed in the ARI directory
- 5. Split systems must be installed with the matching pieces specified in the ARI directory
- 6. These incentives apply to new and replacement total system installations performed during the term of this rebate program (The condenser (outdoor), coil (indoor) and fan <u>must</u> all be installed new and constitute one unit. Partial system replacements do not qualify)
- 7. All qualifying units installed at a residence <u>must</u> be documented on a single application (additional sheets may be attached if necessary)
- 8. Replacement of systems less than five years old, that were rebated, are not eligible for a rebate unless the SEER level of the replacement unit is higher than the existing unit by at least 1 full SEER level
- 9. The Participating Contractor must perform the ACCA approved Manual J software calculation
- 10. Rebate applications must be received within 60 days of installation and contain all required documentation including, but not limited to:
 - a. Rebate Application Form
 - b. Completed LIPA Airflow and Refrigerant Charge form (not required for Ductless Mini Split Systems)
 - c. ACCA Manual J Version 8 cooling load calculation printout
 - d. Invoice / Contract must contain total cost, equipment make, model & serial number as well as customer name, installation address, & installation date
 - e. Early Retirement Reservation number (if applicable)
 - f. Rebate Assignment Form (if applicable)
 - g. Equipment certificate printout from the ARI On-Line Directory please indicate ARI Reference # on application
- 11. Applications with invalid or missing Early Retirement Reservation numbers will be processed as replacement units
- 12. LIPA reserves the right to inspect / test the equipment installation, and review the original contract, to ensure compliance with program requirements. Failure to allow LIPA access to the equipment, or original contract, will result in a denial of the rebate application
- 13. Some ENERGY STAR qualified equipment may not be eligible for LIPA Cool Homes incentives
- 14. LIPA is not responsible for lost mail
- 15. LIPA is not responsible for any tax liability imposed as a result of rebate payments
- 16. If the Participating Contractor offers the "Rebate Assignment" option, customers may elect to assign their incentive to the contractor. They would indicate this by checking the appropriate box on the Rebate Application Form and by filling out a Rebate Assignment form.
- 17. LIPA reserves the right to use the customer rebate to credit accounts in arrears
- 18. Please allow up to 60 days for the delivery of the rebate check or bill credit
- 19. LIPA reserves the right to modify or withdraw these incentives at any time
