

431 Charmany Drive  
Madison, WI 53719-9931

*Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not get completed, or to complete projects sooner than scheduled. Our efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas. For more information call 800.762.7077 or visit [focusonenergy.com](http://focusonenergy.com).*

**Amazing architectural feats have to  
START SOMEWHERE.**

## This time, it's in your living room.

You've already taken the first step by having a Home Performance with ENERGY STAR® home evaluation. Now, use your home's performance report to map out your home improvements and work with contractors who participate in the Home Performance with ENERGY STAR Program.

**Please contact your program consultant with any questions regarding the home improvement suggestions, or for contractor recommendations.**
