Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not get completed, or to complete projects sooner than scheduled. Our efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas. **Building an architectural wonder was probably
VERY REWARDING.**

But it certainly wasn't this rewarding.

The home improvements recommended in your Home Performance with ENERGY STAR® report could drastically reduce your energy bill. And now, you can save even more.

Focus on Energy offers valuable Cash-Back Rewards on the purchase of a variety of qualifying home improvements, such as insulation.

Please contact your program consultant with any questions regarding the home improvement suggestions, or to learn more about available Cash-Back Rewards.
