On Top of the World[®] Communities

While most builders talk about energy-efficiency and sustainability, On Top of the World Communities has made this a priority for the past 9 years by building the most energy-efficient, water saving homes in Ocala, FL. But no need to take our word for it — all new homes built are independently audited. When you visit, check out the new Huntley II model that incorporates beauty, sustainability and today's most up-to-date solar technology that is now offered as an option. Visit and see why you should choose On Top of the World Communities for your new energy-efficient home!
