## Programs

Several outstanding programs are available to help you become more educated about ENERGY STAR windows and doors, further enhance the credibility of your company—and sell even more ENERGY STAR qualified products.

### ENERGY STAR Training Program

This excellent program is designed to train your sales professionals on ENERGY STAR. It encompasses an overview of the ENERGY STAR program, the anatomy of energy-efficient windows and more. Download the training curriculum from this page and study it. Then contact your Gorell sales manager or Gorell Marketing to request the evaluation. You will receive a certificate once you achieve a score of 100% on the evaluation.
