FEATURES & BENEFITS

1. Commercial-grade extruded aluminum frames—in soft white—extend the life of your primary windows and make your home look more beautiful.
2. Marine glazing gaskets seal the glass to the frame for better cushioning and a snug fit.
3. Triple interlocking sash inserts seal out the elements.
4. Heavy-duty metal corner keys add strength to insert frames.
5. Double-hung units feature heavy-duty metal slide bolts that are stronger and more durable than plastic parts used by other manufacturers—and last years longer.
6. Anti-bow pins at the mid-points of both inserts keep the inserts in place to provide a tighter seal—even in strong winds.
7. Pile weather stripping around the sash panels provides a close-fitting seal to keep out air and moisture.
8. Adjustable sill expanders with built-in weeps enable the windows to fit openings tightly—even in out-of-square situations.

COLOR OPTIONS

Match or contrast these windows to the color of your home or primary windows with stylish almond and bronze colors.

Note: Due to factors such as variations in monitor color settings, the vinyl colors shown may not accurately depict true manufactured colors.

TEMPERED SAFETY GLASS

Get an additional level of safety by selecting tempered safety glass.

OBSCURE GLASS

Choose from a wide selection of distinctive obscure glass patterns for those places in your home where you need privacy.

ORIEL-STYLE DESIGN

Custom design Gorell storm windows in a unique "oriel-style" design to match the original design of your prime windows.

OPTIONAL SCREENS

Get years of service by choosing durable screens made of fiberglass mesh—or select aluminum mesh if you prefer a more traditional look.
