

LIPA HOME PERFORMANCE WITH ENERGY STAR[®] PROGRAM ANNOUNCEMENT

Document #: HP 2011 – 11 INCENTIVE & ELIGIBILITY UPDATE
Issued: 07/21/2011

Dear Home Performance Contractor:

This document is intended to keep you informed of the latest announcement regarding the Home Performance with ENERGY STAR[®] Program. Please read the enclosed contents carefully and contact me if you have any questions.

RE.: HPWES INCENTIVE & ELIGIBILITY UPDATE

In order to boost program participation for the remainder of 2011 the following promotional offer involving changes to incentives and eligibility for LIPA's Home Performance with ENERGY STAR program will apply:

- Incentive levels **increase to 50%** for eligible measures.
- The incentive cap **increases to \$4,000**.
- Eligibility is expanded to include homes with fossil fuel heat* with central air conditioning **OR through the wall air conditioners**, (window units are excluded).
- These terms are **effective immediately** and will be in effect for projects approved through 12/31/2011 and complete by January 31, 2012
- These terms are not retroactive to projects already approved.

Note: At the end of the promotional period, 12/31/2011, incentive levels will remain at 50% and the cap will revert to \$3,000.

*Electric heat customers must be referrals from the Home Performance Direct program and natural gas heat customers must be referrals from NatGrid's Enhanced Home Sealing Incentive Program (EHSIP).

Thank you for your cooperation!
