Application Package Checklist

- Rebate Application Form - signed by customer and contractor
- Completed LIPA Airflow and Refrigerant Charge form
(not required for Ductless Mini Split Systems)
- ACCA Manual J Version 8 cooling load calculation
printout for ALL installations, including
replacement systems and ductless minisplits
- Invoice / Contract - must contain total cost, equipment
make, model & serial number as well as customer name,
installation address, & installation date
- Equipment certificate printout from the ARI On-Line Directory
*(please indicate **ARI Reference #** on application)*
- Early Retirement Reservation number (if applicable)
- Rebate Assignment Form (if applicable)
- Advise Customer when Application is sent to LIPA

**FAILURE TO INCLUDE ALL REQUIRED DOCUMENTATION WILL RESULT IN DELAYS IN PROCESSING
OR A DENIAL OF THE REBATE APPLICATION.**

Customer / Contractor Rebate Application Form

2011 LIPA Cool Homes Program (New or Replacement Central Air Conditioners / Heat Pumps)

Important: Please read the attached instruction page thoroughly before submitting all forms (Keep a copy for your records)

Instructions:

- Customer hires a Cool Homes Participating Contractor (Visit LIPA's Web site <http://www.lipower.org> for a list of Participating Contractors)
- Contractor performs a Quality Installation of qualifying equipment
- Customer fills out Customer Information section
- Contractor fills out Equipment Information and Contractor Information sections
- Both the contractor and customer sign the rebate application form (Keep a copy for your records)
- Contractor submits rebate application form and all required documentation to LIPA (See eligibility requirements)

Customer may earn one incentive per unit based on the highest Tier the unit will qualify for

2011 Customer Energy Efficient Equipment Installation Incentive For New or Replacement Systems			
Tier	Eligible Equipment	Efficiency Requirements	Customer Incentive
1	a) Split Central Air Conditioners	a) SEER >= 14.5 and EER >=12.0	\$250/unit
	b) Air Source Heat Pumps	b) SEER >= 14.5 and EER >=12.0 and HSPF >= 8.2	
	c) Ductless Mini Split Systems	c) SEER >= 14.5 and EER >=11.5	
2	a) Split Central Air Conditioners	a) SEER >= 15 and EER >=12.5	\$300/unit
	b) Air Source Heat Pumps	b) SEER >= 15 and EER >=12.5 and HSPF >= 8.5	
	c) Ductless Mini Split Systems	c) SEER >= 15 and EER >=12	
3	a) Split Central Air Conditioners	a) SEER >= 16 and EER >=13	\$400/unit
	b) Air Source Heat Pumps	b) SEER >= 16 and EER >=13 and HSPF >= 8.5	
	c) Ductless Mini Split Systems	c) SEER >= 16 and EER >=12.5	

2011 Contractor Energy Efficient Equipment Installation Incentive For New or Replacement Systems			
Tier	Eligible Equipment	Efficiency Requirements	Contractor Incentive
1	a) Split Central Air Conditioners	a) SEER >= 14.5 and EER >=12.0	\$75 for 1st qualifying unit on application +\$50 for each additional qualifying unit on the same application c) \$50 for each unit
	b) Air Source Heat Pumps	b) SEER >= 14.5 and EER >=12.0 and HSPF >= 8.2	
	c) Ductless Mini Split Systems	c) SEER >= 14.5 and EER >=11.5	
2	a) Split Central Air Conditioners	a) SEER >= 15 and EER >=12.5	\$100 for 1st qualifying unit on application +\$50 for each additional qualifying unit on the same application c) \$50 for each unit
	b) Air Source Heat Pumps	b) SEER >= 15 and EER >=12.5 and HSPF >= 8.5	
	c) Ductless Mini Split Systems	c) SEER >= 15 and EER >=12	
3	a) Split Central Air Conditioners	a) SEER >= 16 and EER >=13	\$125 for 1st qualifying unit on application +\$50 for each additional qualifying unit on the same application c) \$50 for each unit
	b) Air Source Heat Pumps	b) SEER >= 16 and EER >=13 and HSPF >= 8.5	
	c) Ductless Mini Split Systems	c) SEER >= 16 and EER >=12.5	

Eligibility Requirements for Installation Incentives (Customer & Contractor)

- Units must be installed between **January 1 and December 31, 2011**
- Units must be installed by a **Cool Homes Participating Contractor**, who will submit the rebate application and required documentation to: **LIPA Cool Homes Program at 25 Hub Drive, Melville, NY 11747**
- There must be a **LIPA residential electric account** at the installation site and it must be in the applicant's name
- Qualifying units must be listed in the ARI directory
- Split systems must be installed with the matching pieces specified in the ARI directory
- These incentives apply to new and replacement total system installations performed during the term of this rebate program (The condenser (outdoor), coil (indoor) and fan must all be installed new and constitute one unit. Partial system replacements do not qualify)
- All qualifying units installed at a residence must be documented on a single application (additional sheets may be attached if necessary)
- Replacement of systems less than five years old, that were rebated, are not eligible for a rebate unless the SEER level of the replacement unit is higher than the existing unit by at least 1 full SEER level
- The Participating Contractor must perform the ACCA approved Manual J software calculation
- Rebate applications must be received within **60 days** of installation and contain all required documentation including, but not limited to:
 - Rebate Application Form
 - Completed LIPA Airflow and Refrigerant Charge form (not required for Ductless Mini Split Systems)
 - ACCA Manual J Version 8 cooling load calculation printout
 - Invoice / Contract must contain total cost, equipment make, model & serial number as well as customer name, installation address, & installation date
 - Early Retirement Reservation number (if applicable)
 - Rebate Assignment Form (if applicable)
 - Equipment certificate printout from the ARI On-Line Directory *please indicate ARI Reference # on application*
- LIPA reserves the right to inspect / test the equipment installation, and review the original contract, to ensure compliance with program requirements. Failure to allow LIPA access to the equipment, or original contract, will result in a denial of the rebate application
- Some ENERGY STAR qualified equipment may not be eligible for LIPA Cool Homes incentives
- LIPA is not responsible for lost mail
- LIPA is not responsible for any tax liability imposed as a result of rebate payments
- If the Participating Contractor offers the "Rebate Assignment" option, customers may elect to assign their incentive to the contractor. They would indicate this by checking the appropriate box on the Rebate Application Form and by filling out a Rebate Assignment form.
- LIPA reserves the right to use the customer rebate to credit accounts in arrears
- Please allow up to 60 days for the delivery of the rebate check or bill credit
- LIPA reserves the right to modify or withdraw these incentives at any time**
